Original to follow by mail with complete payment enclosed in the amount of \$530.00

**Re: Request for Reconsideration
Petition to Revive Patent Application No. 10/683-565
Request for Continued Examination**

David A. Bucci, Petitions Examiner:

I am in receipt of your letter dated March 5, 2008. As I am out of the country at present I am only now in receipt of this document. As a result, I am only now in a position to respond. Your letter indicates that my Petition to Revive has been abandoned due to insufficient payment in the amount of \$530.00. I should note that the amounts I enclosed with the original filing of my Petition and Request for Continued Examination were the amounts indicated on the USPTO web site for those actions. If the amounts submitted were insufficient the underpayment was unintentional and resulted from reliance on the information stated on the USPTO website at the time the Petition and Request for Continued Examination were submitted.

As noted above, I am currently out the country and I am sending the amount of the underpayment (\$530.00) indicated in your letter of March 5, 2008 with the original of this letter by mail. However, I am faxing this copy of the response immediately in order to comply with the filing deadline noted in your letter which states the deadline is two months from March 5, 2008.

Your letter of March 5, 2008 further states that consideration on the merits cannot be given to the Petition until the required fee is received. Upon receipt of the amount enclosed with this letter which should amount to the full required fee, I respectfully request that consideration be given to the Petition and Request for Continued Examination submitted previously, the contents of those prior submissions being incorporated herein by reference.

Respectfully Submitted,

David Oliver
Director of Legal Affairs
